Let there be no Compulsion in Religion (Sura 2:256) - Christine Schirrmacher - 2016-02-04

In Christine Schirrmacher's postdoctoral thesis, for the first time one finds reviews of original voices coming from Islamic theology on the topic of religious freedom and apostasy. Arabic, English, French, and Urdu texts have been translated and analyzed and thus made accessible. There are basically three positions which are defended on falling away from the Islamic faith: Complete advocacy of religious freedom, the complete denial of religious freedom with a call for the immediate application of the death penalty for apostates, and the centrist position. The centrist position, however, which allows inner freedom of thought and warns against premature persecution, calls for the death penalty in the case of open apostasy (e.g., in the case of conversion to another faith). Within established Islamic theology, the latter approach is nowadays the most frequent point of view found. These three main positions on apostasy are introduced in this postdoctoral thesis by means of the publications of three influential 20th century theologians: Yusuf al-Qaradawi (b. 1926), Abdullah Saeed (b. 1960), and Abu l-A'la Maududi (1903-1979). They all have followings of many millions of people and have political influence at their disposal. The study explains why in many Muslim majority countries there is still today only very limited or sometimes no freedom of religion (in the sense of the Universal Declaration of Human Rights adopted by the United Nations in 1948) for converts, critical intellectuals, artists and progressive Quranic studies specialists, journalists and secularists, agnostics and confessing atheists, enlightened thinkers, women's rights and human rights activists as well as adherents of non-recognized minorities.

Critical Reading - Pearson Education - 2015-04-01

Critical Reading provides a systematic introduction to the process of analyzing and evaluating a written text. Students develop critical reading skills through analysis of texts from authentic sources (journals, newspapers, magazines, and websites) and a variety of academic disciplines. They are encouraged to develop their comprehension and vocabulary skills, while forming a reasoned assessment of the effectiveness and validity of a text. Highlights The text goes beyond the standard "reading comprehension plus vocabulary" approach. Includes opportunities for further research, as well as writing tasks designed to allow students to synthesize the materials they have read and reach an individual conclusion. Each chapter introduces a fundamental skill for developing critical awareness, including: considering place and date of publication; identifying author bias and purpose; distinguishing between fact and opinion; gauging scope of research; evaluating evidence; comparing the author's argument to other points of view; and ultimately, evaluating the strength and validity of an argument with the goal of writing a critical review of the article. Teachers can access My eLab documents for support materials including answer keys and tests.

Angaaray - Snehal Shingavi - 2018-06-05

First published in 1932, this slim volume of short stories created a firestorm of public outrage for its bold attack on the hypocrisy of conservative Islam and British colonialism. Inspired by British modernists like Woolf and Joyce as well as the Indian independence movement, the four young trailblazers who penned this collection were eager to revolutionize Urdu literature. Instead, they invited the wrath of the establishment: the book was burned in protest and then banned by the British authorities. Nevertheless, Angaaray spawned a new generation of Urdu writers and gave birth to the Progressive Writers' Association, whose members included, among others, stalwarts like Chughtai, Manto, Premchand and Faiz. This edition also provides a compelling account of the furore surrounding this explosive collection.

India vs UK - Syed Akbaruddin - 2021-10-07

From the revolt of 1857 and the freedom movement to duels on the cricket pitch, India and the United Kingdom have been on opposing sides on numerous occasions. A less known instance when this dynamic played out was the 2017 election for a seat on the International Court of Justice. Unwilling at first, India was prompted to enter the ring in the wake of the Kulbhushan Jadhav case. The contest that followed proved to be a 'second war of Independence' in the words of then foreign minister Sushma Swaraj - and a David-and-Goliath fight against the permanent members of the Security Council, who all put their might behind the UK. Syed Akbaruddin, India's Permanent Representative to the UN at the time, presents a behind-the-scenes account of India's coming-of-age in world affairs through the prism of this momentous election.
