This powerful text tells the story of Anne Skorecki Levy, the Holocaust survivor who transformed her horrors into a childhood mission to defeat the recurring specter of racist hatred. Breaking decades of silence, she played a direct role in the unmasking and defeat of Duke during his 1991 campaign for the governorship of Louisiana. Lawrence Powell traces the family’s dramatic and mysterious escape from Treblinka, by posing as Aryans and ultimately made their way to New Orleans, where they became part of a vibrant Jewish community. Lawrence Powell follows the family’s ties to American extremism and explores the events that eventually triggered Anne Skorecki Levy’s brave decision to honor the suffering of the past by confronting the recurring specter of racist hatred. Breaking decades of silence, she played a direct role in the unmasking and defeat of Duke during his 1991 campaign for the governorship of Louisiana.

The Fourth Reich - Gavriel D. Rosenfeld - 2019-01-31
The first history of postwar fears of a Nazi return to power in Western political, intellectual, and cultural life.

From Abba to Zoom - David Mansour - 2005-06
A compilation of memories for anyone born in the 1950s, 1960s, 1970s, or 1980s features more than three thousand references on everything from television shows to dolls, and features such entertaining lists as “best toys” and “all-time coolest something.” Original.

The Man in the High Castle - Philip K. Dick - 2012-01
In a classic work of alternative history, the United States is divided up and ruled by the Axis powers after the defeat of the Allies during World War II. Reissue. Winner of the Hugo Award for Best Novel.

This Time the World - George Lincoln Rockwell - 2004-03
Fascism is a compilation of memories for anyone born in the 1950s, 1960s, 1970s, or 1980s features more than three thousand references on everything from television shows to dolls, and features such entertaining lists as “best toys” and “all-time coolest something.”

Confronting Fascism - Xtn - These essays grapple with the class appeal of fascism, its continuities and breaks with the “regular” far-right and even with the Left. Written from the perspective of revolutionaries active in the struggle against the far-right.

Fable of the Ducks and the Hens - George Lincoln Rockwell - 1967
Fable of the Ducks and the Hens - George Lincoln Rockwell - 1967

William Dudley Pelley - Scott Beekman - 2005-10-17
William Dudley Pelley was one of the most important figures of the anti-Semitic radical right in the twentieth century. Best remembered as the leader of the parapsychological “Silver Shirts” Party, Pelley was also an award-winning short story writer, Hollywood screenwriter, and religious leader. During the Depression Pelley was a notorious American extremist and politician; he ran for president on a platform calling for the ghettoization of American Jews and was a defendant in a headline-grabbing sedition trial thanks to his unwavering support for Nazi Germany. Scott Beekman offers not only a political but also an intellectual and literary biography of Pelley, greatly advancing our understanding of a figure often dismissed as a madman or charlatan. His belief system, composed of anti-Semitism, economic nostrums, racism, neo-Theosophical channeling, and millennial Christianity, anticipates the eccentrism of later cult personalities such as Shoko Asahara, leader of Aum Shinrikyo, and the British conspiracy theorist David Icke. By charting the course of Pelley’s career, Beekman does an admirable job of placing Pelley within the history of both the far-right and American occult movements. This exhaustively researched book is a welcome addition to the growing body of scholarship on American extremism and esoteric religions.

Hunting Evil - Guy Walters - 2010-05-04
Already acclaimed in England as “first-rate” (The Sunday Times); “a model of meticulous, courageous and path-breaking scholarship” (Literary Review); and “astonishing political menace of reputed neo-Nazi and Ku Klux Klan leader David Duke. The first book to connect the prewar and wartime experiences of Jewish survivors to the lives they subsequently made for themselves in the United States, Troubled Memories also a dramatic testament to how the experiences of survivors as new Americans spurred their willingness to bear witness to the Holocaust. Perhaps the only family to survive the liquidation of the Warsaw Ghetto, the Skoreckis lived in seclusion in Treblinka, by posing as Aryans and ultimately made their way to New Orleans, where they became part of a vibrant Jewish community. Lawrence Powell traces the family’s dramatic and mysterious escape from Treblinka, by posing as Aryans and ultimately made their way to New Orleans, where they became part of a vibrant Jewish community. fascinating look at the latest chapter in Chinese-American migration.

Hitler’s Priests - Nicholas Goodrich-Clarke - 2010-10-01
Each year, thousands of Chinese children, primarily abandoned infant girls, are adopted by Americans. Yet we know very little about the local and transnational processes that shape these adoptions. Historically, the international adoption of Chinese infants by American families was a unique ethnocentric transnational adoption program. Sara K. Dorow begins by situating the popularity of the Chinese/U.S. adoption process within a broader history of immigration and adoption. She then follows the path of the adoption process: the institutions and bureaucracies in both China and the United States that prepare children and parents for each other; the story of an American family that adopted a girl from China; and the social, cultural, political, and economic forces that shaped the process. This fascinating look at the latest chapter in Chinese-American migration.
One of the major news stories of the 2016 presidential election, and exploded into public consciousness after its march through Charlottesville in summer 2017. Discussions of the Alt-Right are now a regular part of political discourse in the United States and beyond. In The Alt-Right: What Everyone Needs to Know®, George Hawley, one of the world’s leading experts on the conservative movement and right-wing radicalism, provides a clear explanation of the ideas, tactics, history, and prominent figures of one of the most disturbing movements in America today. Although it presents itself as a new phenomenon, the Alt-Right is just the latest iteration of a longstanding radical right-wing political tradition. Throughout, Hawley discusses the other primary ideological influences on the Alt-Right: libertarianism, paleoconservatism, neo-reaction, and the Men’s Rights Movement. The Alt-Right represents a genuine challenge to pluralistic liberal democracy, but its size and influence are often exaggerated. Whether intentionally or not, President Donald Trump energized the Alt-Right in 2016, yet conflating Trump’s variety of right-wing politics with the Alt-Right causes many observers to both overestimate the Alt-Right’s size and downplay its radicalism. Hawley provides a tour of the contemporary radical right, and explains how it differs from more mainstream varieties of conservatism. Dispassionate and accessible, this is an essential overview for anyone seeking to understand this disruptive and dangerous political movement.

The Alt-Right - George Hawley - 2018-11-07

In recent years, the so-called Alt-Right, a white nationalist movement, has grown at an alarming rate. Taking advantage of high levels of racial polarization, the Alt-Right seeks to normalize explicit white identity politics. Growing from a marginalized and disorganized group of Internet trolls and propagandists, the Alt-Right became one of the major news stories of the 2016 presidential election, and exploded into public consciousness after its march through Charlottesville in summer 2017. Discussions of the Alt-Right are now a regular part of political discourse in the United States and beyond. In The Alt-Right: What Everyone Needs to Know®, George Hawley, one of the world’s leading experts on the conservative movement and right-wing radicalism, provides a clear explanation of the ideas, tactics, history, and prominent figures of one of the most disturbing movements in America today. Although it presents itself as a new phenomenon, the Alt-Right is just the latest iteration of a longstanding radical right-wing political tradition. The American Axis - Max Wallace - 2004-12-13

Seeks to reveal how Henry Ford and Charles Lindbergh posed a serious threat to democracy throughout the world, charging them with abuses of power that supported the rise of Hitler and undermined the Allied war effort. Reprint. 20,000 first printing.

The Cultic Milieu - Jeffrey S. Kaplan - 2002-07-31

In 1972—another period of social upheaval—sociologist Colin Campbell posited a “cultic milieu”: An underground region where true seekers test hidden, forgotten, and forbidden knowledge. Ideas and allegiances within the milieu change as individuals move between loosely organized groups, but the larger milieu persists in opposition to the dominant culture. Jeffrey Kaplan and Helene Loew find Campbell’s theory especially useful in coming to grips with the varied oppositional groups of today. While the issues differ, current subcultures often behave in similar ways to deviant groups of the past. The Cultic Milieu brings together scholars looking at racial, religious and environmental oppositional groups as well as looking at the watchdogs that oppose these groups in turn. While providing fascinating information on their own subjects, each essay contributes to a larger understanding of our present-day cultic milieus. For classes in the social sciences or religious studies, The Cultic Milieu offers a novel way to look at the interactions and ideas of those who fight against the powerful in our global age.

In 1999, a seemingly incongruous collection of protestors converged in Seattle to shut down the meetings of the World Trade Organization. Union leaders, environmentalists dressed as endangered turtles, mainstream Christian clergy, violence-advocating anarchists, gay and lesbian activists, and many other diverse groups came together to protest what they saw as the unfair power of a nondemocratic elite. But how did such strange bedfellows come together? And can their unity continue? In 1972—another period of social upheaval—sociologist Colin Campbell posited a “cultic milieu”: An underground region where true seekers test hidden, forgotten, and forbidden knowledge. Ideas and allegiances within the milieu change as individuals move between loosely organized groups, but the larger milieu persists in opposition to the dominant culture. Jeffrey Kaplan and Helene Loew find Campbell’s theory especially useful in coming to grips with the varied oppositional groups of today. While the issues differ, current subcultures often behave in similar ways to deviant groups of the past.
