Feminist Theory Reader - Carole McCann - 2008-02-20

The fifth edition of the Feminist Theory Reader assembles readings that present key aspects of the conversations among feminist theorists. It includes major figures from a variety of traditions and perspectives, including Marxist, phenomenological, deconstructionist and poststructuralist in which gender and its multiple intersections are configured by complex, overlapping, and asymmetrical global-local configurations of power. The feminist theoretical debates in this anthology are anchored by five fundamental concepts—gender, difference, embodiment, experience, the personal in political, and especially intersectionality—which are integral to contemporary feminist critiques. The anthology continues to center the voices of women and feminists of color in the full range of their theorizing and practice. It brings together for the first time in paperback, this landmark social and political volume on feminism is credited with触发了 major advances in the feminist movement. Reprint. Released for the first time in paperback, this landmark social and political volume on feminism is credited with触发了 major advances in the feminist movement.

Feminism Is for Everybody - bell hooks - 2014-10-10

What is feminism? In this short, accessible primer, bell hooks explores the nature of feminism and its positive promise to eliminate sexism, sex manipulation and oppression. With her characteristic clarity and directness, hooks encourages readers to see how feminism can touch and change their lives—to see that feminism is for everybody.

Out of the Margin - Susan Feiner - 2005-07-22

Out of the Margin is the first volume to consider feminist concerns across the entire domain of economics. The book addresses the philosophical roots of 'rational economic man', power relations and conflicts of interest within the family, the limitations of relying on secondary data and the policy implications of neo-classical models. With its range of economic topics and accessible writing, the book devotes three chapters and more than thirty readings to the diversity of feminist voices, visions and vantage points by race, class, gender, sexual orientation, and global location. In the critical essays collected in Black Looks, bell hooks interrogates old narratives and argues for alternative understandings of race and gender. According to the Washington Post, no one who cares about contemporary African-American cultures can ignore hooks' lively, engaging essays on filmmaking. According to the Washington Post, no one who cares about contemporary African-American cultures can ignore hooks' lively, engaging essays on filmmaking.

Sisters of the Yam - bell hooks - 2014-10-03

In Sisters of the Yam, bell hooks reflects on the ways in which the emotional health of black women has been and continues to be impacted by sexism and racism. Desiring to create a context where black feminists could both work on their individual efforts for self-affirmation while remaining connected to a larger world of collective struggle, hooks articulates the link between self-recovery and political resistance. Both an expression of the joy of self- healing and the need to be ever vigilant in the struggle for equality, Sisters of the Yam continues to speak to the experience of black womanhood.

Doing Feminist Theory - Susan Archer Mann - 2012

Doing Feminist Theory critically examines feminist thought from the late 18th century to the present. Organized historically and by theoretical perspectives, it highlights the relationship between feminist theory and practice, as well as the diversity of feminist voices, visions and vantage points by race, class, gender, sexual orientation, and global location. The history of feminist thought is intertwined with the history of the U.S. women's movement to ground theory in its historical and social context and underscores the importance of studying the relationship between feminist theory and practice. The book devotes three chapters and more than thirty readings to the diversity of feminist voices, visions and vantage points by race, class, gender, sexual orientation, and global location. In Living a Feminist Life Sara Ahmed shows how feminist theory is generated from everyday life and the ordinary experiences of being a feminist at home and at work. Building on legacies of feminist color scholarship in particular, Ahmed offers a poetic and personal meditation on how feminists become estranged from worlds they once considered supportive systems—to survive the shattering experiences of facing the walls of racism and sexism. The killjoy survival kit and killjoy manifesto, with which the book concludes, supply practical tools for how to live a feminist life, thereby strengthening the ties between the inventive creation of feminist theory and living a life that sustains feminist theory.

Feminism Unmodified - Catharine A. MacKinnon - 1997

An analysis of the legal status of women includes discussions of discrimination, rape, sexual harassment, and pornography

Perspectives on Philosophy of Science in Nursing - E. Carol Polifroni - 1999

This book provides a comprehensive introduction to the philosophy of science in the field of nursing. The book is divided into four sections: I. The Concept of Science; II. The Sources of Knowledge; III. The Nature of Science; IV. Approaches to Understanding Science. Each section includes a critical review of the relevant literature and a discussion of the implications for nursing practice. The book is written in an accessible style and is suitable for both undergraduate and graduate students. It is also a valuable resource for nurses and other health professionals who are interested in the philosophical underpinnings of their work. - bell hooks - 2003-01-01

With an eye to the impact that feminist theory has on everyday life and the ordinary experiences of being a feminist at home and at work, Building on legacies of feminist color scholarship in particular, Ahmed offers a poetic and personal meditation on how feminists become estranged from worlds they once considered supportive systems—to survive the shattering experiences of facing the walls of racism and sexism. The killjoy survival kit and killjoy manifesto, with which the book concludes, supply practical tools for how to live a feminist life, thereby strengthening the ties between the inventive creation of feminist theory and living a life that sustains feminist theory.

A respected feminist writer focuses on women as an example of a powerless class in an investigation of the ordinary lives and the meanings that these experiences have for them. Her perspective takes into account such poststructuralist ideas as multiple subjectivities of women and multiple feminities; the possibilities of resistance to male dominance in the pleasure through the racial and sexual pleasure that has historically been estranged from women. A brave and astonishing work, The Will to Change is designed to help men reclaim the best part of themselves.

The Will to Change - bell hooks - 2004-01-04

Everyone needs to love and be loved—even men. But to know love, men must be able to look at the ways that patriarchal culture keeps them from knowing themselves, from being in touch with their feelings, from loving. In The Will to Change, bell hooks gets to the heart of the matter and shows men how to express the emotions that are so central to being a full part of themselves. She believes that men can reclaim the best part of what it means to be human—emotional and sexual—only through the struggle to overcome the damaging effects of the male gaze.

Black Feminist Voices in Politics - Evelyn M. Simms - 2012-02-01

Black Feminist Voices in Politics - Evelyn M. Simms - 2012-02-01

Black Feminist Theory and Pop Culture - Adrienne Trier-Bieniek - 2015-06-17

This book offers a fresh look at the history and development of black feminist thought, as well as its ongoing relevance in the present day. It covers a wide range of topics, including the role of black women in the civil rights movement, the impact of gender and race on poverty and education, and the ways in which black women have used their voices for political change. The book is written in an accessible style and is suitable for both undergraduate and graduate students in the fields of black studies and feminist theory. It is also a valuable resource for anyone interested in the history and development of black feminism.
The diverse range of critical pedagogies presented in this book comes from a variety of backgrounds with respect to race, gender, and ethnicity, from various geographic places and eras, and from an array of complex political, historical, religious, theological, social, and cultural circumstances which necessitated their learning. This diverse range of critical pedagogies testifies to their power to disrupt, reveal, and transform. By providing an alternative pedagogical lens of reality, the conceptual thought that enlightened them, the circumstances that surrounded them, and the conviction that drove them. To be sure, people of justice, people who resist, are framed by a vision that every era, every time and every place can be transformed.
compelling challenge to the meaning of equality in American race and gender relations.

**Intimate Justice** - Shatema Threadcraft - 2016-10-14

In 1973, the year the women’s movement won an important symbolic victory with Roe v. Wade, reports surfaced that twelve-year-old Minnie Lee Relf and her fourteen-year-old sister Mary Alice, the daughters of black Alabama farm hands, had been sterilized without their or their parents’ knowledge or consent. Just as women’s ability to control reproduction moved to the forefront of the feminist movement, the Relf sisters’ plight stood as a reminder of the ways in which the movement’s accomplishments had diverged sharply along racial lines. Thousands of forced sterilizations were performed on black women during this period, convincing activists in the Black Power, civil rights and women’s movements that they needed to address, pointedly, the racial injustices surrounding equal access to reproductive labor and intimate life in America. As horrific as the Relf tragedy was, it fit easily within a set of critical events within black women’s sexual and reproductive history in America, which black feminists argue began with coerced reproduction and enforced child neglect in the period of enslavement. While reproductive rights activists and organizations, historians and legal scholars have all begun to grapple with this history and its meaning, political theorists have yet to do so. Intimate Justice charts the long and still incomplete path to black female intimate freedom and equality—a path marked by infanticides, sexual terrorism, race riots, coerced sterilizations and racially biased child removal policies. In order to challenge prevailing understandings of freedom and equality, Shatema Threadcraft considers the troubled status of black female intimate life during four moments: antebellum slavery, Reconstruction, the nadir, and the civil rights and women’s movement eras. Taking up important and often overlooked aspects of the necessary conditions for justice, Threadcraft’s book is a compelling challenge to the meaning of equality in American race and gender relations.

**FEMINIST THEORY - NEW EDITION** - BELL, Hooks - 2021

**The Female Eunuch** - Germaine Greer - 2009-10-06

“The best feminist book so far . . . A book with personality, a book that knows the distinction between the self and the other, a book that combines the best of masculinity and femininity.” — New York Times A ground-breaking, worldwide bestselling study of women’s oppression that is at once an important social commentary and a passionately argued masterpiece of polemic—and a feminist classic The publication of Germaine Greer’s The Female Eunuch in 1970 was a landmark event, raising eyebrows and ire while creating a shock wave of recognition in women around the world with its steadfast assertion that sexual liberation is the key to women’s liberation. Today, Greer’s searing examination of the oppression of women in contemporary society is both an important historical record of where we’ve been and a shockingly relevant treatise on what still remains to be achieved.

**Woman Hating** - Andrea Dworkin - 1974

**Appalachian Elegy** - Bell Hooks - 2012

A collection of poems centered around life in Appalachia addresses topics ranging from the marginalization of the region’s people to the environmental degradation it has endured throughout history.
