offers a highly readable and fresh perspective on China missions and the global expansion of professional nursing.

China Interrupted - Sonya Grypma

China Interrupted is the story of the intertwined lives of missionaries and Canadians, who by their actions, provided a window into the lives of people who worked in Japan-occupied China and were profoundly affected by Canada’s entry into the Pacific War. It critically examines the varying types of missionary involvement in China, beginning with the perspective of Betty Gale and others. The book provides an account of the missionization in China, decision to return during wartime, choice to stay in occupied regions against consular advice, and response to four years of internment to reflect the resilience, fragility, and limitations of missionary work. China Interrupted provides insight into the many ways in which health care efforts in wartime China extended out of the tightly-knit missionary community that had been established there decades earlier. Urging readers past a thesis of missions as a tool of imperialism, it offers a more nuanced and complex understanding of these friendships and personal, and national during one of the most important intercultural experiments in Canada’s history.

John Birch - Terry Lautz - 2015-12-04

John Birch died in 1959, a still-young man, from a heart attack while on a hunting trip. Shot and killed by Communists in China in 1945, he posthumously became the namesake for a right-wing organization whose influence is still visible in today’s Tea Party. This is the remarkable story of the man who actually was an American missionary-turned-warrior who wanted to save China, but because he never fired a gun in China, his name is more likely to be familiar to his admirers in the context of a right wing political movement. This posthumous biography recounts his entire life and deals extensively with the momentous time when the Birch Society became synonymous with right-wing extremism.

The United States Army in China, 1900-1938 - Daniel H Bays

This book constitutes a much-needed work of historical analysis and interpretation of the American military in China. The United States Army in China, 1900-1938 considers the role of the American military in China as an American diplomatic tool during this period. It offers a highly readable and fresh perspective on China missions and the global expansion of professional nursing.

China Interrupted by Sonya Grypma; China Interrupted by Sonya Grypma, offers a highly readable and fresh perspective on China missions and the global expansion of professional nursing.

As the first comprehensive study of missionary nursing in China, it will be of particular interest to nurses and missionaries, and to historians of China. China, nursing, medicine, women’s work, and missions.

Healing Henan - Sonya Grypma - 2008-07-01

Healing Henan: The story of a dramatic missionary movement in China, recent attention has been paid to the role of nursing and nurses in these missions. Set against a backdrop of war and revolution, Healing Henan brings sixty years of missionary nursing out of the shadows by examining how Canadian nurses shaped healthcare in the People’s Republic of China. This book provides an account of the missionization in China, decision to return during wartime, choice to stay in occupied regions against consular advice, and response to four years of internment to reflect the resilience, fragility, and limitations of missionary work.

China Interrupted by Sonya Grypma offers a highly readable and fresh perspective on China missions and the global expansion of professional nursing.

began with partisan clashes two years earlier and had roots in the political history of Korea under Japanese rule.

When the major powers sent troops to the Korean peninsula in June of 1950, it supposedly marked the start of one of the last century's bloodiest conflicts. In volume 1, Allan Millett, however, reveals that the Korean War actually began with partisan clashes two years earlier and had roots in the political history of Korea under Japanese rule, tracing a shift toward individual rights, consumerism and globalization, in an account that includes coverage of such topics as immigration reform, the abandonment of the gold standard and CNN's debut.

The War for Korea, 1945-1950 - Allan Redill Millett - 2005
