Thinking, particularly reflective thinking or inquiry, is essential to both teachers' and students' learning. In the past 10 to 15 years numerous commissions, boards, and foundations as well as study of human psychological development, establishing the reasons why we each behave as we do and see the world as we do. 

supports an Inquiry-based approach to education and provision, that allows ALL stakeholders in a child, young person or adult's learning and development to

The new experiences … Reflective model according to Kolb - Dr Nicole Brown

The reflective listener recaps the message using his own words. "Active listening - Wikipedia " Active listening is a communication technique that requires the listener to feed back what they hear to the speaker, by way of re-stating or summarising what they have heard. This can help the speaker to clarify their thoughts and help the listener to process and understand them.
